

Miracle at Usenge Kenya

Preaching in the open air in Usenge which is west of Kisumu in Kenya and with only boat access to Uganda which is very near. It is a fishing village on the shores of lake Victoria. People came and asked if they could bring an old man for prayer. He arrived on the panier at the back of an old bike with legs trembling. As I went to see him and arrived the power of God came down on the old man and he immediately jumped up.

Soon he was on the platform telling everyone that God had healed him. He had been everywhere to get help, the doctor, the witchdoctor and so on over a number of years but God had just healed him. He spoke in his local dialect and only when my interpreter came and explained what the man had said did I really grasp the immensity of what God had just done.

We were not even given time to ask and to pray, God just came and all to His glory.
